Pine Bark Nugget	Pine Bark Nuggets give a bold texture to the landscape and are the preferred mulch around acid loving plants such as azaleas and rhododendrons as they help acidify the soil as they break down. Nugget size is 1.25"-4" (3 cm.-10 cm.)	56L 2CUFT	\$9.99

Natural Cedar Mulch	<p>All Treat Cedar Bark Mulch is a natural, undyed product. The fibres of Cedar Bark Mulch have an incredible ability to mat and knit together to form an effective barrier against weeds. This property also makes it the number one choice for using on steep slopes where erosion from wind and rain are a concern. Over time, this mulch turns into the beautiful silver colour of aged cedar. All Treat Cedar Mulch will help reduce weeds, improves soil moisture retention capabilities, helps condition the soil and provides protection for plants from harsh weather.</p> <p><b>DIRECTIONS FOR USE:</b> Apply to a depth of 2" inches thick if topping up last year's mulch. Apply to a depth of 3" inches thick if applying mulch to a garden that has not been mulched previously. To optimize colour, turn the top 1" inch of mulch with a fan rake if it appears dried out after a period of time.</p>	56L 2CUFT	\$6.99
Black Cedar Mulch	<p>All Treat Black Beauty® Mulch is derived from fine textured virgin pine and cedar wood from Canada's forest industry. It has been dyed black and its colour will last all season long. All Treat Black Beauty® Mulch will help reduce weeds, improves soil moisture retention capabilities, helps condition the soil and provides protection for plants from harsh weather.</p> <p><b>DIRECTIONS FOR USE:</b> Apply to a depth of 2" inches thick if topping up last year's mulch. Apply to a depth of 3" inches thick if applying mulch to a garden that has not been mulched previously. To optimize colour, turn the top 1" inch of mulch with a fan rake if it appears dried out after a period of time.</p>	56L 2CUFT	\$6.99

Red Cedar Mulch	<p>All Treat Red Devil® Mulch is derived from fine textured virgin pine and cedar wood from Canada’s forest industry. It has been dyed red and its colour will last all season long. All Treat Red Devil® Mulch will help reduce weeds, improves soil moisture retention capabilities, helps condition the soil and provides protection for plants from harsh weather. DIRECTIONS FOR USE: Apply to a depth of 2” inches thick if topping up last year’s mulch. Apply to a depth of 3” inches thick if applying mulch to a garden that has not been mulched previously.
